

CALLING DAD

Dad, it's me, you know who
I am okay, and how are you
You've been saying that same shit forever
I know you're sorry, mummy's too
That's okay, it's nothing new
Aha, fine, yeah, whatever

I got a girlfriend
Doesn't really matter, cause I still feel lonely
I got a girlfriend
She's my only friend and she don't even like me

Are you drunk? Well I am too
Why is everything always about you
Shit I don't even know why I called you
Guess I was hoping you'd be cool
And maybe do what parents do
Did you even hear what I told you?

I got a girlfriend
Doesn't really matter, cause I still feel lonely
I got a girlfriend
She's my only friend and she don't even like me

Dad, it's me, you know who
I am okay, and how are you
That's okay, it's nothing new
I know you're sorry
I am too

I got a girlfriend
Doesn't really matter, cause I still feel lonely
I got a girlfriend
She's my only friend and she don't even like me
