

# G.U.I.L.T.Y

**G**

Stands for god, for which there is none

**U**

To remind me of all that I've done

**I**

The sole reason for all of this mess

**L**

Should be love but I'll settle for less

**T**

Like a headless crucifix; time

**Y**

Did I ever consider you mine

I'm guilty

Too guilty

**G**

Stands for ghosts and grudges and greed

**U**

Were the good one, that brings us to me...cause

**I**

Never once could be bothered to try

**L**

So I have lost but, there will always be lies

**T**

Like a gallow perfect for two

**Y**

Did I ever do this to you

I'm guilty

Way too guilty

Aaaah, like a wasp, I was hatched into fury

The world was a razorblade

If I clearly was so early done for

For what was I ever made

I'm guilty
