

THEY WERE WRONG (146)

Got no time
For you
Got too much stuff left
To do
With 2 dead bodies stashed in the trunk
On my way to the river to have them sunk
Got no time
For you

They told me I would never
Get any shit done on my own
They were wrong

Won't you please
Shut up
The first. Time I. Told you
Was enough
These 2 dead bodies won't bury themselves
If you can't fucking take it, I'll find someone else
So please
Shut up

They told me I would never
Get any shit done on my own
They were

Wrong
I had 2 lousy parents, now I have none
Wrong
So I ain't got nothing but it feels like I've won
Wrong
A less angry child might have saved one
Wrong
That's what you get for not believing in your only son

Humanity
Us against us
I was ripened to early
Killed by frost
I only took their tense to the next level
Everyone's evil, but I'm not the devil
It's just humanity
Us against us

They told me I would never
Get any shit done on my own
They were

Wrong
I had 2 lousy parents, now I have none
Wrong
So I ain't got nothing but it feels like I've won
Wrong
A less angry child might have saved one
Wrong
That's what you get for not believing in your only son
