

# Stay under water

Music: Schau

Lyrics: Schau

I don't need me  
Like I'm telling you that I need you  
Can't even feel me  
But I feel like you could need me too

Rain can't touch me if I  
***Stay under water, stay under water***  
They won't see my tears if I just  
***Stay under water, stay under water***

If you hear me  
If my misery is getting through  
Fear for me  
And all the stupid shit that I might do

Rain can't touch me if I  
***Stay under water, stay under water***  
They won't see my tears if I just  
***Stay under water, stay under water***

***Do you remember***  
Not at all  
***When you were younger***  
Nothing I can recall  
***When your daddy beat you***  
He beat us all  
***What did it teach you***  
Alcohol

If I did my best  
Not to want you like before  
The war on want  
Would only make me want you more

Rain can't touch me if I  
***Stay under water, stay under water***  
They won't see my tears if I just  
***Stay under water, stay under water***
